Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Tuesday 19 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain and snow in south, a few showers in north.

This Evening and Tonight:
Southern areas staying cloudy with outbreaks of rain, this turning increasingly to snow across the Southern Uplands and affecting some higher ground overnight.. Much of north dry with frost but showers over the Northern and Western Isles.

Wednesday:
Southern areas staying cloudy with rain sleet and snow, the snow down to quite low levels inland, heaviest over Border Hills. North, far west mainly dry, but showers far north.

Outlook for Thursday to Saturday:
Thursday windy with wintry showers and some longer spells of snow in north but rain near coasts. Friday and Saturday mainly dry in east, wintry showers west and far north.
